## UNITELMA SAPIENZA

Unitelma Sapienza deems international and European partnerships and mobility of both students and staff as essential resources for the continuous improvement of academic and scientific standards.

Unitelma Sapienza is strongly focused on the implementation and development of international relations and on achieving new e-learning programmes and courses in English and Italian.

and International Experience!*

## ERASMUS+ MOBILITY

### STUDENT MOBILITY FOR STUDIES

Studying abroad is a central part of Erasmus+ and has been shown to have a positive effect on later job prospects. It is also a chance to improve language skills, gain self-confidence and independence, and immerse yourself in a new culture.

### STUDENT MOBILITY FOR TRAINEESHIPS

Erasmus+ helps you gain valuable experience in the workplace by supporting traineeships abroad. Erasmus+ support for traineeships is available for higher education students and recent graduates, as well as vocational education and training students, apprentices and recent graduates.

### STAFF MOBILITY FOR TEACHING AND TRAINING

With Erasmus+, opportunities are available to both staff working in the education to spend time teaching at an education institution abroad and to share their knowledge and experience. Training periods abroad can consist of job shadowing, observation periods or specific training courses abroad.
